People Incorporated at LTD Brewing

People Incorporated was recognized by LTD Brewing in Hopkins as part of their “Give Back Monday” series, where 20% of the day’s proceeds were donated back to People Incorporated. We engaged in an Artability activity and shared about our services within the West Metro area.

People Incorporated at the Saint Paul Saints

People Incorporated sponsored the St. Paul Saints’ “Art Day in the Park” at CHS Field. We had a great time connecting art, mental health, and baseball. There were many art activations around the stadium, including a collaborative painting led by the Artability Lead Tessa Weyhe.

The Great Minnesota Get-Together

The Minnesota State Fair brought our community together, and we shared our services and mission while hosting a table during Mental Health Awareness Day!
